

MAY 22ND-25TH

# Be a Preiss Partner.

*Every year, the Preiss Company brings together members of our team from all over the country to help foster internal growth within not only our organization, but the industry.*

This is no small undertaking; both organizationally and financially. In becoming a Preiss Partner, you will be helping us to constantly evolve the student housing industry and essentially, strengthen the economy. In return, our sites most local to your business or organization will pledge to cross-promote and support you in any way possible throughout the year, and years to come.

*Remember, any amount helps.*

To become a partner, donate any amount up to \$1,500.

*For more information on becoming a Preiss Partner, please contact your local site representative.*
